Join Dr. Blumberg and Dr. Heidt in this virtual event where they will be answering your questions about vaccinating your 5-11 year olds.

Dr. Dean Blumberg is a Professor and Chief of Pediatric Infectious Diseases at UC Davis Children's Hospital in Sacramento. He is also a co-host of Kids Considered, a UC Davis Children's Hospital Podcast, in which he discusses child health topics of interest to parents in accessible, non-medical language.

Dr. Rachel Heidt completed her residency at UC Davis Medical Center and works as a General Pediatrician serving the greater Sacramento area. Dr. Heidt loves working with kids every day and believes that preventative care including immunizations is the cornerstone of pediatrics, as it helps to ensure a safe and healthy childhood so that each child can grow into their full potential.
